

“Go figure!”

By Roberto Bruno

We live in such a technologically advanced society. We literally have information at our finger tips. We can find out about anything on the World Wide Web. Want to know how to make egg salad? Google it. Want to know the horse power of a 1974 Dodge Dart? Google it. Want to know why sharks can't swim backwards? Google it. Though I believe the internet is a great tool there is something lost in all the information. The loss of mystery and wonder.

It seems the more we know the less we believe. You would think that knowledge would stir wonder but it doesn't. To be able to see stars so far into space that we never knew they even existed should bring praise and worship to the Lord to our lips, but it doesn't. Humanity is more impressed with the ingenuity and discovery. Not the one who created all things. Romans 1:25 says *“Who exchanged the truth of God for the lie, and worshiped and served the creature rather than the Creator...”*

We live in a time where we think we have it all figured out. The Apostle Paul knew better when he said in I Corinthians 13:12 *“For now we see through a glass, darkly; but then face to face: now I know in part; but then shall I know even as also I am known”*. We may be able to know everything about egg salad but there are mysteries and wonders we will never know till we are face to face with Jesus. Let's not allow “information” to quench our thirst for the unknown mysteries of God.

Though we may know a lot and have access to a lot, let's not ever forget the grander of our Lord Jesus. *“Remember now your Creator in the days of your youth, before the difficult days come, and the years draw near when you say, “I have no pleasure in them”*. Ecclesiastes 12:1.
